DRC-12V015W1RZ

DIN Rail Power Supply CHROME II Series – Model DRC-12V015W1RZ

The DRC-12V015W1RZ power supply from the CHROME II series is designed for DIN rail mounting, offering a compact, efficient and safe solution for building automation and industrial system applications.

Technical Specifications

- Output Voltage: 12 V
- Output Power 15 W
- Output Current 1.25 A
- Input Range 85–264 Vac
- Dimensions 87.5 x 18.0 x 55.0 mm
- Weight 0.06 kg

Main Features

- Class II, double insulation (no grounding required).
- Supports universal AC input and DC input.
- Mechanical dimensions comply with DIN 43880 for building automation.
- Low no-load power consumption and compliance with DOE VI efficiency standard.
- NEC Class 2 / LPS (Limited Power Source) certification.
- Class III overvoltage category.

Technical Labels

- Class II
- NEC Class 2

Recommended Applications

- Building automation.
- DIN rail mounting for electrical panels.
- Systems requiring double insulation and energy efficiency.
