

DRC-05V015W1RZ

DIN Rail CHROME II Series of Delta.

This DIN rail power supply is primarily designed for integration into building automation environments and other applications that require a safe, efficient power supply that complies with international insulation and safety standards.

Electrical Specifications

- Output Voltage: 5V
- Output Current: 2.4A
- Output Power: 12W
- Input Voltage Range: 85-264 Vac

Physical Characteristics

- Dimensions (Height x Width x Depth):
- Metric: 87.5 x 18.0 x 55.0 mm
- Imperial: 3.44" x 0.71" x 2.17"
- Unit Weight: Metric: 0.06 kg

Key Features and Benefits

- Class II with double insulation (no grounding required).
- Compatibility with universal AC and DC voltage inputs.

- Mechanical design compliant with DIN 43880 (ideal for building automation applications).
- Low no-load power consumption and compliance with DOE Level VI efficiency standard.
- NEC Class 2 / Limited Power Source (LPS) certification.
- Surge category: III.

Relevant Technical Tags

- Class II
- NEC Class 2
