

INTELLIGENT 5G WIRELESS COMMUNICATIONS HUB FOR PUBLIC SAFETY AND FLEET VEHICLES

An affordable and purpose-built solution for public safety and emergency vehicle fleets, Digi TX40 breaks down communication silos and seamlessly connects the growing list of equipment in a vehicle into a fast and reliable vehicle area network (VAN). It enables you to digitally transform your fleet with latest generation wireless technology that is affordable, easy-to-deploy and centrally managed with Digi Remote Manager®.

Digi TX40 is available in 5G and 4G LTE-Advanced Pro with 3G fallback models that are FirstNet Capable™ and support Verizon Frontline and T-Mobile Connecting Heroes to meet the critical demands of first responders for emergency communications.

High-resolution, real-time video provides the critical element of situational awareness for dispatchers, command staff and officers on the scene of a public safety incident. Digi TX40 with 5G and Wi-Fi 6 transfers critical information faster, further and more reliably.
