

WORLDWIDE LEADER IN FANS, E-CAPS, RESISTORS JAMICON APPOINTS ALCOM AS THEIR BENELUX SALES REPRESENTATIVE

Alcom signed an agreement with the Kamei group from Taiwan where Jamicon, Teapo, Ralec and ASJ belongs to. This is an extension to Alcom electronics' commitment to develop its **Thermal Management product group**. Kaimei Electronics CORP. is founded in 1978, a leading manufacturer of **Aluminum electrolytic capacitor and motor fans** in the industry, also widely known as the earliest and most up-to-scaled capacitor manufacturer in Taiwan with technologies that matches Japan (the world's leading capacitor technology). The Kaimei Group has successfully grown through the acquisition and integration, offering high value-added products and services across different industry segments. Get in touch with Alcom to receive more information about any product or more particularly **Cooling Fans** from the Kamei group.

Main Cooling Fan products :

- DC Axial Fans (Small and standard size)
- DC Blowers
- AC Fans
- Accessories
